Drilling & milling machine ZX7045

Accurate, widely useful milling, drilling, tapping, boring, reaming

Extremely quiet operation. High precision grinding spindle.

Accurate position, strong rigidity, strong cutting power.

Large square column casting and table.

Gear head enables to change speed quickly.

Head can be tilted right & left.

High precision manual fine feed.

Positive spindle locks for table, head, spindle quill.

Adjustable taper gips for slideways.

Headstock up & down by power.

Variable speed power feed table, positive and easy to read depth gauge.

Easy reading chrome finish dial, complete CE electrical box and controlling station, iron casting mill stand, equipped with double speed motor, tapping assembly,

Standard accessories:

X-axis power feed, tapping assembly, chip tray, iron casting stand, drill chuck, arbor, draw bar, morse taper, adapter, T slot bolt, washer, Tilted wedge, spanner, oil gun.

Optional accessories:

Double speed motor, auto spindle power down feed, halogen work lamp, coolant pump, 58pcs clamping tool kit, keyless drill chuck, milling chuck set, end milling cutter set, face milling cutter, milling vice, number depth gauge, swivel work table, H/V rotary table, universal dividing head, DRO

Max. drilling capacity(Steel, iron)	31.5mm(MT3) 45mm(MT4)
Max. milling capacity(Face, end)	80mm 32mm
Working table size	800x240mm
Working table longitudinal travel	565mm
Working table cross travel	230mm(190mm)
Spindle taper	MT3. MT4 or R8
Spindle stroke	120mm
Spindle speed(rpm)	I:75-1600 II:150-3200
Max distance spindle to table	470mm
Spindle box swivel degree	90°
Power and speed of motor	0.85kw,1430rpm/1.1kw,2850rpm
NW/GW weight	590/680kg
Package size	1240x960x2240mm
