

## XQ6226-1G Milling machine

### Universal swivel head milling machine

XQ6226-1G

XQ6226A

XQ6226B

It is a vertical universal milling machine, vertical milling can be processed at any angle of the workpiece, milling head steel-type strong.

Vertical mill head can rotate  $\pm 360^\circ$ , realize multiple surfaces processing with workpiece static

Full gear type headstock makes the direct exchange between vertical and horizontal milling without moving the ram.

Hardened and ground table surface.swivel head when horizontal milling.

XQ6226-1G: only have X axis automatic feeds.

XQ6226A: automatic feeds on X and Y axis.

XQ6226B: automatic feeds on X and Y axis, motorized lift on Z axis

#### Standard accessories:

Mill Chuck set(8),Inner hexagon spanner,Horizontal milling hilt,Draw Bar,Spanner,Machine Vice,Ground Screw,Nut and washer ,operation maual

#### Optional accessories:

universal dividing head, H/V rotary table,58pcs clamping kit, milling chuck set(15), "CE"standard electrics.CE spindle protecting arbor.Z axis motor lift,X/Y electric power feed,3 axis DRO

Specification	Unit	XQ6226A	XQ6226B	XQ6226-1G
Table size	MM	1120 × 260	1120 × 260	1120 × 260
Spindle speed range	R/min	45-1660	45-1660	45-1660
Table travel	MM	600 × 270	600 × 270	600 × 300
Distance rom spindle nose to table surface	MM	100-480	100-480	100-480
Max.end milling width	MM	125	125	125
max.vertical Milling Dia.	MM	25	25	25
Swivel angle of swivel head		360°	360°	360°
Spindle motor power	KW	2.2	2.2	2.2
Overall dimension (L x W x H)	MM	1655 × 1500 × 1730	1655 × 1500 × 1730	1655 × 1325 × 1730
Net weight	Kg	1400	1480	1300
