

## XQ6226W Universal Swivel Head Milling

XQ6226W :

*This is a vertical and horizontal universal milling machine, In the original universal milling based on the increase in the independent part of the horizontal milling part, two-axis automatic feed,z-axis can be added according to customer requirements lifting system,that can change of the original milling machine horizontal milling power Shortage and Lack of processing limitations.This machine is triaxial hardening.*

*X Y two axis automatic feeds; spindle taper: ISO40 ;*

*table size:1270mm\*260mm ; table travel:750mm\*300mm*

**Standard Accessories:**

- 1.Mill Chuck 2.Inner hexagon spanner 3.Horizontal milling hilt  
 4.Draw Bar 5.Spanner 6.Machine Vice  
 7.Ground Screw 8.Nut and washer 9.operation manual

<b>Specification</b>	XQ6226W
Max.horizontal milling dia	125
Max.vertical milling dia	28
Distance.spindle to table surface	560
Spindle speeds range	35-1600
Swivel angle of swivel head	± 360 °
Ram travel	420
Table size	1270 × 260
Table travel	750 × 300
Overall dimensions	1655 × 1500 × 1730
Motor power (kw)	3
N.W/G.W (kg)	1480/1660
Spindle speeds range	40-1300
Max.hprizontal milling dia	100
